

Week of March 29-April 2

Last week we had lots of fun since we earned a few rewards lately. On Tuesday we earned "niceness stickers" and we chose to have lunch with Katy and Kelly. They set up time at Papa John's pizzeria where we got to make our own individual sized pizzas. We also learned a little bit about how to make pizzas and watched as they showed us their skills at tossing the crust. It was really fun and delicious!

Then on Wednesday, we had a snow day! We couldn't believe we had so much snow. We came back to school on Thursday and shared what we did on our time off. ***Parents- Parent/teacher conferences will be rescheduled, as well as the Honor Roll Assembly.

Friday we earned some free time so Kelly and Katy let us watch "Pippi Longstocking" movie since we read that book aloud with Katy. She is a very funny girl and has lots of adventures! We laughed all morning until lunch time.

This week is Spring Break- we hope everyone is safe and has fun! See you in April!

***** IMPORTANT DATES*****

April 12- Honor Roll assembly

April 13- Parent/teacher conferences

April 28- Art and Science Fair

Week of April 12- 16

Last week we all tried to get back into the habit of school after Spring Break. We had off on Monday as part of break. On Wednesday, Nicole came in to talk to us about facing our fears and bullying other kids. We drew pictures about what scares us and how to make those things not scary.

In science class, we are starting to get ready for the Science Fair in a few weeks. One group is growing potatoes and the other group is learning about crickets and their habitats. We all took a break from class for a few minutes to help Katy transfer some crickets into their new cages. A few escaped onto the floor before we caught them!

On Friday, we started to talk about Earth Day, which is coming up on April 22. We will participate in some Earth-friendly activities and watch the DisneyNature movie "Earth". We brainstormed ideas on how we can help care for the earth, water and air we all need to live.

*****IMPORTANT DATES*****

April 22- Earth Day activities (parents welcome!)

April 28- Science Fair

Week of April 19-23

We kicked off last week with earning 30 minutes of free time for good behavior. We kept the ball rolling with help from Nicole who came on Wednesday to talk about being a team and accepting everyone. She helped us make a feet-painting mural to hang on the wall. Then on Friday we took a field trip to Boulder to see how ice cream is made and watch the CU dancers. We had lots of fun!

Last week, grades K-3 were also assessed with the BEAR (Basic Early Assessment of Reading) tests. We did short projects while Katy and Kelly took us to other rooms for the testing. Parents can ask us the results of their child's test.

*****IMPORTANT DATES*****

April 22- Earth Day

April 28- Art and Science Show

May 8- RMDS Annual gala

Week of April 26-30

Last week we had a really busy week! On Tuesday, Nicole came to wrap up of project "Footsteps: Walking Together" and we wrote ways we can work together and support each other. Wednesday we celebrated Earth Day by picking up trash around the school, watched the movie "DisneyNature: Earth", and planting flowers outside our school. We really enjoyed the 'dirt' snack katy and Kelly provided us as well! Thursday was a field trip to see the Children's Theater production of "Cinderella" and we got to have a backstage tour. Friday Kelly was absent so we worked on our science fair projects with Katy. Whew!

We are looking forward to the next few weeks since we will be having many end-of-the-year activities and field trips. parents look for information in your child's backpack!
