

Week of Feb. 22-26

What a week last week! We had a short week again because of the holiday and we were all excited to talk about our adventures! Nicole came in to talk with us about Kindness Week and how we can care about the people in our lives.

We also helped to take care of our newly hatched chicks. The whole school was curious to see how many hatched and how they popped through their egg shells. We saw pictures that Katy took over the weekend and from when she went to the farm. It has been great fun looking at how small and cute the chicks are! Now we have to learn about taking care of them, especially when they get dirty!

Our homework for next week:

*****IMPORTANT DATES*****

March 26- Honor Roll Assembly

March 27-April 5- Spring Break

Week of Feb. 15-19

Last week we had a short week due to the President's holiday! We started it off by reading aloud a new chapter book called "Pippi Longstocking". We all think that Pippi is very funny! We are also looking forward to when our chicken eggs will hatch! Nicole came in to talk to us about being silly in class and how to respect each other, the teachers, and the school. We also started learning in ASL class about subject/predicate and how to tell which part of a statement is missing. We had great fun doing ASL activities!

On Friday we watched an assembly from a woman named Heidi. She is the first Deaf woman to successfully climb many of the world's highest mountain peaks. She explained how she did it and about some of the equipment she needs to use. We were all fascinated by her accomplishments!

*****IMPORTANT DATES*****

March 26- Honor Roll Assembly

March 27-April 5- Spring Break

Week of Feb. 8-12

We had a good week last week, but also very busy. We started it off with some discussions about Groundhog Day and what the different seasons are. In ASL class, we are learning about subject/predicate and how to tell when a part is missing from a sentence. Nicole came in to talk to us about paying attention and tuning out distractions. We played a ball game that we very fun, but really distracting! We had a lot to learn :)

On Friday we had a bunch of celebrations. Katy had a short birthday celebration and then we participated in many "100" activities. Friday was our 100th day of school! We played games like how many times we can jump, write our names, or kiss a paper in 100 seconds. We also played 100 piece puzzles and made "I survived 100 days of school" crowns. Our favorite was finding 100 stickers around the classroom. Afterwards we had free time to play in class because we earned 100 AR points this year! We also discussed what we want to do when we get 150 AR points- most of us want to go to Apex swimming playground.

100th Day of School celebration!

***** IMPORTANT DATES*****

Feb. 10- Family Literacy Night

Feb. 12-15 No School

Week of Feb. 1-5

It was a great week in our class last week. We also had many people stay home sick, including Katy who was out for 4 whole days! We are trying our best to keep ourselves clean and healthy so we keep coming to school!

The biggest change in our classroom was the addition of 18 chicken eggs in our school's incubator! We are learning about animal habitats in science and what better way to see how chickens live than hatch some baby chicks right here in class! The whole school is getting involved, but we are responsible for keeping a close eye on the eggs. We are learning how to care for living things and also trivia about chickens everyday. We can't wait for them to hatch!

We celebrated D'Quarius' birthday on Friday!

*****IMPORTANT DATES*****

Feb. 5- 100th Day of School

Feb. 10- Family Literacy Night

Feb. 12-15 No School
