

## Week of Jan. 4-8

Welcome back to RMDS K/1/2 grades! We hope everyone had a fabulous Winter Break, as we did spending time with family and friends. We are back, ready for the New Year and all it has to offer!

We had a short week due to 2 days of teacher in-service trainings. On Wednesday, everyone came back with plenty of stories and ENERGY! We re-assessed some students and reviewed what we had learned before Winter Break. Nicole came in to talk to us on Thursday about our holidays and our New Years Resolutions. On Friday we participated in the cup stacking enrichment and headed out to the Rec Center for some fun.

Next week we are going on a field trip to see the Denver Stock Show. Parents, please don't forget to turn in your child's permission slip by Tuesday!

We celebrated both Evan's and James' birthdays on Friday! Here's Evan getting ready to blow out his candles.

[Jan. 15- End of 2nd quarter](#)

[Jan. 18- No School MLK Day](#)

[Jan. 22- Honor Roll Assembly](#)

### Week of Jan. 18-22

This week was short but filled with many exciting things. First, we had Monday off because of the holiday. Then on Wednesday our 2nd quarter ended and we started the new semester. On Friday, we were busiest of all! We earned good behavior stickers and Katy and Kelly provided popcorn and a movie. We watched "James and the Giant peach" because some of us read the book last month. Then we had the Honor Roll Assembly in the afternoon. We all did a great job this quarter with our grades. We hope we can keep it up!

### \*\*\*\*\*IMPORTANT DATES\*\*\*\*\*

Feb. 5- 100th Day of School

Feb. 10- Family Literacy Night

Feb. 12-15 No School

### Week of Jan 25-28

It was a great week in our class last week. We also had many people stay home sick, including Katy who was out for 4 whole days! We are trying our best to keep ourselves clean and healthy so we keep coming to school!

The biggest change in our classroom was the addition of 18 chicken eggs in our school's incubator! We are learning about animal habitats in science and what better way to see how chickens live than hatch some baby chicks right here in class! The whole school is getting involved, but we are responsible for keeping a close eye on the eggs. We are learning how to care for living things and also trivia about chickens everyday. We can't wait for them to hatch!

We celebrated D'Quarius' birthday on Friday!
