

Week of March 1-5

Last week was great because we had mostly all of our students and all our days of school! We were really able to focus on writing paragraphs and reading our books in literacy class. We also focused on learning about plants and animals in science class and in social studies class. In ASL class we started to work on role-shifting for telling stories that include 2 people. We practiced with a funny story about Katy and Kelly!

Nicole came in on Wednesday to talk to us about the tragedy at Deer Creek Middle School. We practiced our safety drills in the morning and Nicole reviewed why it is important to follow the rules and help keep our school safe. Some of us were a little scared and concerned but Nicole helped make us feel better. We are all thinking about those affected by Tuesday's events.

On Friday we celebrated the 2 week birthdays of Cocoa and Bella, our 2 chicks, as they are getting much bigger now! We wrote thank you notes to Farmer Dallas and played with the chicks to give them exercise. We will miss them when they are gone next week!

Week of March 8-12

Last week was a roller coaster of emotions for us. Due to the older kids taking the CSAP tests, our schedule was a bit hectic as we accommodated to their needs. Monday was Sammy's birthday, so we were very excited to celebrate with him. On Wednesday, Nicole came in to talk to us about being too silly in school and we were a little wild as we worked on her activities. By Friday we were becoming sad since it was the last day the chicks were with us. Katy took them back to the farm in Bennet on Saturday so we had a going-away party Friday. Hopefully next week will be more calm!

Week of March 15-19

Last week was the end of CSAP for the rest of the school, so we patiently waited for them to be finished. While we waited, Kevin came to work with some of the Literacy groups and stayed to help us make Spring flowers to put up in the hallway. We wrote on each petal about things we like about spring or have learned in school. Nicole also came to talk to us about respecting others.

In ASL class, we are learning about using classifiers to represent a person or object. We are making up stories that incorporate classifiers and are trying to use them more in our everyday signing. Katy also wrapped up our read-aloud chapter book "The Adventures of Pippi Longstocking" which we have enjoyed listening to her crazy stories.

March 26- Honor Roll Assembly

March 27-April 5- Spring Break

Week of March 22-26

Last week was the end of the 3rd quarter in school. We're getting close to the end! We celebrated St. Patrick's Day on Wednesday by doing some literacy activities. Everyone was wearing green and having fun, until Katy got a message from the leprechauns that they were really busy and weren't sure they could make it to our classroom! Instead of seeing the leprechauns we had milkshakes for snack that magically turned green! We played bingo and some fun St. Patty's games and then during lunch, the leprechauns surprised us by visiting our classroom! We had a great time.

Nicole has been talking to us recently about our behavior towards others and making sure we are being polite. We are still working on ASL classifiers in class and also trying to earn niceness stickers in class. We only have a few left until we earn a lunch party with Katy and Kelly!
