

## Week of Nov. 16-20

While Katy was out most of the week for a math training, we focused on the upcoming Thanksgiving break. We learned about different cultures and also respecting adults from Nicole. Sara Lee and Kelly helped us to finish working on our Thanksgiving stories and we videotaped them to show on Thursday night. The Guppies group made pilgrims and cornucopias to celebrate the holiday and everyone made turkey glyphs to show what we will eat with our families. They are hanging outside our classroom so come and check them out! When Katy came back on Friday, she showed us some of her new math techniques.

We hope to see everyone on Thursday night for the Thanksgiving Feast! Otherwise have a great holiday with your loved ones!

## \*\*\*\*\*IMPORTANT DATES\*\*\*\*\*

Dec. 1- Field trip to Signing Santa

Dec. 10-11- Holiday Store

Dec. 17- Winter play

## Week of Nov. 9-13

In our classroom, we started a new system for supporting more positive behavior. We get to put marbles in a container for every class period that we sit appropriately and pay attention with minimal reminders. Once we fill the container, we will get 15 minutes of free time to spend in class! We are doing much better with our behavior and are learning about proper classroom manners.

This week, Nicole came in to talk to us about different cultures and their traditions around the holidays. We will continue to learn about this next week. Sara Lee worked with us in ASL class on creating a Thanksgiving story or why we are thankful. We will video tape these next week and parents can see them at the Thanksgiving Feast next Thursday! Hope to see you all there!

Here's our homework for next week:

### \*\*\*\*\*IMPORTANT DATES\*\*\*\*\*

Nov. 19- Thanksgiving Feast

Nov. 21-29- Thanksgiving break

## Week of Nov. 2-6

After such a crazy week last week, it was nice to settle down into our routine again. We started off by participating in the Honor Roll Assembly where we were recognized for our hard work! Then on Wednesday, our parents came to talk to Katy and Kelly about how we are doing in school so far- thanks to all the parents who came!

Nicole taught us about how to gain attention using polite manners and we worked on sign movements in ASL class with Sara Lee.

The Guppies group made mashed potatoes for their nutrition unit.
