Homework: Math- EMII games

Spelling Packet Week 26 (Colton and Sierra)

Spelling packet Week 22 (Kara)

Literacy class- This week, we are continuing read the book “Horrible Harry in Room 2b”. We are focusing on using context clues to figure out what words mean as well as continuing comprehension questions and relating the story to themselves. They are reading the fourth chapter and are enjoying this story. This week for writing I introduced the two different types of writing, expository and narrative. This week they will write a expository story about their experiences with the chicks.

Math class- Since our math book frequently reviews addition and subtraction, we are using the EMII program to think about math differently. This week we will be reviewing facts to 20 and playing math games.

Social Studies class- They will learn how to become a good shopper. They will clarify what things that are needed vs what things are wanted. They will also learn how to make good decisions while shopping.
